

WISCONSIN INDORSES TAFT

Strong Resolutions by the
State Convention
RECOGNIZES HIS ABILITY

Applauds Fidelity to the Party Plat-
form—The Present Tariff Law
"A Real Progressive"
Measure.

Milwaukee, Wis., June 10.—The ad-
ministration of William H. Taft is en-
dorsed strongly in the platform unani-
mously adopted at the closing session of
the Republican state convention in Mil-
waukee yesterday. The present tariff
law is approved and the provisions for
maximum and minimum schedules and
future scientific revisions are commended.
Governor Davidson's administration
is also endorsed.

The platform follows:—
"We adhere to the principles of the
Republican party, as outlined in the
platform adopted by the Republican na-
tional convention of 1908."

"We commend the administration of
William H. Taft; we admire his char-
acter; we recognize his marked ability
as a statesman and we applaud his fidelity
to the pledges contained in the party
platform and to the principles of good
government."

"Under difficulties and against oppo-
sition that tried to the utmost his patience
and forbearance, he has labored unceasingly
to secure the enactment of whole-
some constructive legislation, to intro-
duce economies in the administration of
the business of the government; to con-
serve the natural wealth of the nation
and to protect our honor and interests
abroad."

"We approve of the present tariff law
as a real progressive measure. We es-
pecially commend the provisions for max-
imum and minimum schedules and future
scientific revisions."

"We endorse the administration of
Governor James O. Davidson and com-
mend his faithful adherence to Repub-
lican principles."

"To the end that our party's high
ideals may be upheld and party efficiency
secured, we favor reorganization of the
party throughout the state."

"With the election of a campaign com-
mittee consisting of two members from
each congressional district, and the
choosing of William D. Connor of Marsh-
field as state chairman, the convention
adjourned sine die."

Mr. Connor's election was unanimous.
He held the same office six years ago,
when LaFollette was governor.

Iowa Stands Pat.

Des Moines, Ia., June 10.—With only
two counties to hear from, Governor Car-
roll's majority is 8,482, as figured by the
Daily Capital, and 4,460 as calculated by
The Register and Leader.

The "stand pat" element claims a ma-
jority of 180 of the delegates, insuring
complete control of the state convention,
which will write a platform endorsing
the Taft administration and scoring the
insurgents, particularly Senator Cum-
mins.

EARL GREY LEAVES CANADA.

for consultation regarding his successor
as governor general of Canada.

AN EFFECTIVE TREATMENT FOR SCIATICA

A New York State Man Tells
How He Cured Himself at
Home of This Painful
Disease.

The reason that sciatica so often re-
curs after the ordinary treatment is not
because it is incurable but because these
treatments fail to remove its cause.

Sciatica is a form of neuralgia and has
been correctly called the cry of the starv-
ing nerve for better blood. Its most
common cause is debility. In every case
of sciatica it will be found that the gen-
eral health is run down and that conse-
quently the nerves are not receiving
sufficient nourishment.

Dr. Williams' Pink Pills afford the most
effective treatment for sciatica and
neuralgia. They build up the general
health and fully nourish the underfed
nerves in the only possible way by build-
ing up and purifying the blood.

Mr. John S. Wells, whose address is
Box 32, North Syracuse, N. Y., recom-
mends Dr. Williams' Pink Pills for sci-
atica.

"I suffered for six months from sci-
atica and failed to get relief from the
doctor's medicines. My limbs pained me
dreadfully and my kidneys were af-
fected. I had palpitation of the heart
and there was always a great deal of
pain over it. I had no appetite, my
liver was out of order and my head
ached a great deal. I was in bed a good
part of the time, but was so nervous that
I had to get up and move about. I went
all to pieces physically and was nothing
but skin and bones."

"After the doctors gave me no relief,
my wife sent for Dr. Williams' Pink
Pills. Before I had taken three boxes of
them I felt so much better that I con-
tinued until I was cured. I gained in
weight and never felt better in my
life."

Neuralgia is an unfailing warning that
the nervous system is feeble because
there is a lack of pure red blood and,
therefore, a lack of nourishment to the
nerves. This dependence of the nerves
upon the blood for their nourishment
and health is fully described in our
booklet, "Diseases of the Nervous Sys-
tem," which is free upon request.

Dr. Williams' Pink Pills are sold by all
druggists, or will be sent, postpaid, on
receipt of price, 20 cents per box; six
boxes for \$2.00, by the Dr. Williams
Medicine Company, Boston, N. Y.

MARSHALL SIGNED SLIPS

Witnesses Say He Wrote Gen-
uine Signature

SAY HE WENT TO W. U. TEL.

And Gave Keliher's Money to the Clerk.
The Chauffeur Says That Cole-
man Threatened Big
Bill.

Boston, June 10.—The defense in the
trial of William J. (Big Bill) Keliher
had several remaining witnesses ready
to put on the stand when court opened
in the federal building yesterday. Keliher,
who is charged with aiding and abetting
George W. Coleman in misap-
plication of the funds of the wrecked
National City bank of Cambridge, would
testify in his own behalf, it was said,
and would probably be the last witness
called.

The defense continued its effort to
discredit Coleman and also to maintain
its claim that Keliher was ignorant of the
source of Coleman's money supply.

Joseph E. Gately, a chauffeur, who
took Coleman and two women to Keliher's
house in Wintthrop after the bank
closed, testified that while coming back
he talked with Coleman and the latter
said that Keliher did not know that he
(Coleman) was taking money from the
bank. Coleman said that he expected to
get about 10 years, and "I am going to
take Keliher along with me, as well as
some others."

Coleman paid the chauffeur \$15 from
a big roll of bills, although the charge
was only \$4. This was after Coleman's
arrest. In his testimony as a witness
for the government, Coleman stated that
he went twice to see Keliher in order to
get back some of the bank's money.

In contradiction of Coleman's statement
that he had no dealings with the attorney
for a jewelry dealer relative to
certain notes, O. F. Johnson, a lawyer,
testified that Coleman came to his office
with the jewelry and wanted to settle
up the matter.

The defense then took up the John R.
Marshall phase of the case. It was the
government's claim that Marshall was a
fictitious name given by Keliher or his
friend, Martin Walsh, and that acting
under that name Keliher hired office
and sent money to Coleman. The de-
fense admitted its inability to locate the
real Marshall, but placed several wit-
nesses on the stand, who claimed that
they knew such a person, that he agreed
with the government's description, but
that he was not Keliher or Walsh. One
witness was with Marshall and Keliher
when \$200 was sent in Marshall's name
to Coleman at Kansas City.

WANT TO GET TEMPLETON.

Several League Teams Are After Wil-
liams' Star Pitcher.

Williamstown, Mass., June 10.—Several
of the league managers have been after
Stuart K. Templeton, the pitcher of the
Williamstown team, to enter profes-
sional baseball upon his graduation the last
of this month, but Templeton has de-
clined all offers. He said last night that
he would not play professional ball as
he had different plans. The teams which
have sought his services are the Phila-
delphia and New York Americans, the
New York Nationals and Detroit and
Pittsburgh and the managers of two
of the teams have been in Williamstown
to consult Templeton, while the others
have made their offers by mail. One
of the offers was upwards of \$3,000
for the remainder of the season. The
managers of the New York Americans
have been particularly anxious to
secure Templeton, believing that he
would greatly strengthen the pitching
force of the team. Templeton has played
four years on Williamstown and his work
the past two years has been of the best,
while that of the present season has been
remarkably efficient.

The Williams-Amherst baseball game,
which was not short Memorial day by
rain, has been arranged for June 20 at
Williamstown. The game will come in
the Williams commencement week. It
will be the second game between these
teams this year and there is particular
interest because of the stars of the
two colleges in the college baseball world.

POSTAL BANK BILL PASSES

Every Republican Votes for
It on Final Roll Call

THE VOTE WAS 195 TO 101

The Taft Measure Now Goes to the
Senate—Passage of Bill Followed
by Six-hour Debate in the
House.

Washington, D. C., June 10.—By the
overwhelming majority of 195 to 101,
the House last night passed the postal
savings bank bill as recently agreed up-
on by the Republican caucus of the
House. Not a single Republican voted
against the measure on the final roll
call.

Prior to this action the House by 113
to 198 rejected the Democratic substitute
for the bill proposed by the majority.

The voting followed six hours of de-
bate in which many Republicans and
Democrats recorded their views upon the
bill of the majority and the substitute
supported by a large portion of the
minority.

On agreeing to the bill as proposed
by the majority of the House as a sub-
stitute for the Senate measure, the vote
was 175 to 105. On this vote 26 Demo-
crats joined the Republicans while six
Republicans cast their ballots against
the proposed bill of the majority.

After a motion of Mr. Moon of Ten-
nessee, to re-commit the bill to the com-
mittee which reported it had been de-
feeted the House voted its final pas-
sage.

Under the terms of the bill a board
of trustees is created who shall declare
what postoffices shall become postal sav-
ings banks. Deposits in these banks
made by any one person shall not be
more than \$100 a month or in excess
of \$600. An account may be opened with
\$1 but stamps of 10 cents each will be
issued for those desiring to accumulate
money to be deposited. On deposits 2
per cent interest per annum is to be
paid.

Any depositor so desiring can exchange
his deposits for government bonds to be
issued in denominations of \$20, \$40,
\$60, \$80, \$100, or \$500, to bear interest
at 2½ per cent per annum.

The money accumulated in the postal
savings banks is to be deposited
in both national and state banks, such
banks to pay 2½ per cent interest.

Five per cent of the total deposits
is to be retained by the secretary of the
treasury as a cash reserve. Not more
than 30 per cent of these deposits may
be withdrawn by the government at any
one time for investment in bonds of the
United States, the remaining 65 per cent
to remain on deposit in the banks.

THRILLING TALE OF THE SEA.

Crew of Barkentine Good News Reach
Norfolk After Hard Fight for Life.

Norfolk, Va., June 10.—After a three
days' terrific fight for life in two small
boats, 450 miles out in the Atlantic
ocean, Miss Elizabeth Erikson, her fa-
ther, Captain P. A. Erikson, nine men
composing the crew, two dogs and a cat,
who were rescued in the nick of time,
by the British steamer, Metis, after
having abandoned their barkentine, the
Good News of Philadelphia, are today
rejoicing at again being able to set
foot on land.

It is a thrilling tale of the sea that
Captain Erikson tells. Struck by a
heavy storm the Good News sprang a
leak. All hands remained at the pumps,
but failed to keep her afloat, and at
noon June 3, the ship was abandoned.
The captain's daughter, while a little
nervous at first, showed great bravery,
and after the Good News went to the
bottom, she cheered the men. At times
it seemed as though the two little boats
would be swamped by the huge waves.
A sail was rigged and one boat towed
the other. Little progress, however, was
made. Three days and three nights of
suspense slowly passed. Only a little
hard bread and a half gallon of water
comprised the provisions. It was not un-
til June 6 that the Metis bore in sight.
Soon the Metis was alongside and the
exhausted crew of the Good News taken
aboard.

"And the girl was the best sailor of
us all," said Miss McKim yesterday,
in telling of the hardships endured.

cago yesterday for a conference. They

er of Caryville, Michael S. Link of Mitch-
ell and C. A. White of O'Fallon. The
examination of veniremen was continued
yesterday. One of three veniremen ten-
tatively accepted Wednesday was ex-
cluded. A new venire of fifty men was
in court yesterday.

Figures for 1909 Show a Fur-

Paris, June 10.—Vital statistics made
public show a decrease in the birth
rate in France. The births during the
year 1909 were 770,000, against 792,000
in the preceding year. Since 1851 the
population of the republic has been in-
creased by 3,000,000 only, while the popu-
lation of Germany in the same period
has been increased by 30,000,000.

JEW'S DRIVEN OUT OF SMOLENSK.

Russia Employs Secret Police to Oust
Illegal Residents.

St. Petersburg, June 10.—According to
advice received here from Smolensk,
the government is employing secret po-
lice throughout the province of Sme-
lenk to trace Jews who have been ille-
gally residing there since May 30. A
squad of special police, assisted by
mounted gendarmes, have made a house-
to-house search at Polychnik, a settle-
ment of two hundred houses on the
Riga-Orlov railway, an important flour
center. The Jews were arrested and
have been deported. Sixty of them were
caught in the neighboring woods, where
they were hiding. These were mostly
young men employed by the flour firms.
During the hunt in the woods for the
fugitives, occasional shots were fired.

"STEAM-ROLLER" IN THE DOUMA.

Opposition to Finnish Measure Collapses,
Feeling That It Is Hopeless.

St. Petersburg, June 10.—The with-
drawal from the chamber of the opposi-
tion to the Finnish bill followed the
rejection by the Douma of a motion that
the various paragraphs of article 2 of
the government bill be debated separately.
This article enumerates the legisla-
tive matters in Finland which shall
be controlled by the imperial Parlia-
ment. They include the supervision of
the schools, the liberty of the press and
the rights of assembly. Many Octo-
berists, while supporting the bill as a whole,
were opposed to certain features set
forth in the article mentioned. The fail-
ure of the Constitutional Democrats,
Social Democrats and Labor members in
the test vote convinced them that fur-
ther resistance to the government's pro-
gram would be futile.

OKLAHOMA CASE REVERSED.

Circuit Court Reverses That Indian Land
Fraud Suit Must Go to Trial.

St. Paul, June 10.—In a decision hand-
ed down yesterday by Judge Charles F.
Amidon in the United States circuit
court of appeals, the federal court of
the eastern district of Oklahoma is re-
versed and cases involving titles to 20,
000 different parcels of land, alleged to
have been secured illegally from Indians
of the five civilized tribes in Oklahoma
by numerous officials of various south-
ern states, will have to go to trial.
Action was brought by attorneys to
reclaim titles for the Indians to lands
which were given the Indian several
years ago and which, it is alleged, were
procured from them contrary to restric-
tions of the apportioning act.
